

Ser.no. 10/051,049  
Amdt dated September 17, 2003  
Reply to Office Action dated June 18, 2003

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

Claims 1-14 (cancelled)

Claim 15 (new): An enclosure comprising:

a cavity defined in a surface;

a lid sized to cover said cavity;

support means inside said cavity positioned to support at least part of one edge of said lid and adjacent parts of adjacent edges of said lid, said lid being pivotable downwardly about terminal portions of said support means under downward pressure on a region of said lid opposite said one edge; and

a securing means for releasably engaging said lid in a position across said cavity.

Claim 16 (new): The enclosure as claimed in claim 15, wherein said lid is flush with said surface when said lid is supported by said supporting means.

Claim 17 (new): The enclosure as claimed in claim 16, wherein said support means is a raised lip around one edge and a portion of adjacent side edges of said cavity.

Claim 18 (new): The enclosure of claim 16, wherein said securing means is attached to said support means.

Claim 19 (new): The enclosure as claimed in claim 18, wherein said securing means is a magnet, and wherein at least a portion of said lid engaging said securing means is ferro-magnetic.

*Ser.no. 10/051,049*  
*Amdt dated September 17, 2003*  
*Reply to Office Action dated June 18, 2003*

Claim 20 (new): The enclosure as claimed in claim 15, wherein said terminal portions of said support means are approximately halfway along said adjacent edges.

Claim 21 (new): The enclosure as claimed in claim 15, wherein said cavity is rectangular.

Claim 22 (new): The enclosure as claimed in claim 21, wherein said raised lip is located along a longitudinal side and part of each adjacent side of said cavity.

→ Claim 23 (new): The enclosure as claimed in claim 15, wherein the enclosure is embedded in a guitar string changing tool case.
